Holy Week Update - April 12, 2017

The God of Life in the Midst of Death

If God has any power at all in our lives, then God must have power over death. Otherwise pain and suffering and fear and death are more powerful than God, and our faith is in vain. Jesus has so much trust in the power and goodness of God that he knows that not even death can separate him from God's love. THAT is the power of the cross—when we too can trust God with our deepest fears, with our worst pain, with our hardest struggles, then God transforms fear and pain and struggle into life and love.

Do not take my word for this. Try it. Remember Jesus going to the cross and then give God your own life with openness and trust. We are a people who believe in miracles. We believe that life, and not death, has the last word. We believe that love changes everything. See you at the empty tomb.

New Directories

New church directories will be available for pick-up on Easter Sunday. We went ahead and made a copy for every household since there are so many new members and changes since the last printing. Please pick your family's copy up on Sunday. There are also a few extra if you would like one for your office or a second copy at home.

A Singing Lent at EPC

From Director of Music Deb Carlson: You, EPC, were amazing during lent. We sang "Holden Evening Prayer" together for 6 weeks. The process of learning new music with you from beginning with that first week when we were just meeting the music to the second week when you were already "getting it" to this last week where we were enjoying every note and word together with our voices and hearts. It was kind of like watching a spring flower bloom...exquisite. I was introduced to the Holden Evening Prayers about 15 years ago and it's been a dream of mine to do it again. Thank you, thank you for sharing the gift of singing together. Hopefully we will find another time to sing this lovely music in worship again soon.

Several folks in the congregation are planning to share their music gifts with us in the weeks to come. If you would like to participate musically in a worship service, please talk to me and we will find something that works for you! --Deb
